

# NOTICE TO ALL DONORS TO THE MINUTEMAN BORDER FENCE PROJECT:

I have donated over \$100,000.00 to the "Minuteman Border Fence Project". If you, too, have donated to this project and you feel, as I do, that you may have done so under false pretenses, misrepresentations, false promises, etc.; and/or you feel, as I do, that there needs to be a full investigation into the finances surrounding this border fence project, then please fill out and sign the section below stating (if possible) the dates and amounts that you have donated. I will personally direct these forms to the U.S. Postal Inspection Service to which my complaint has been assigned. Bear in mind, Postal Inspectors base investigations of mail fraud on the number, pattern, and substance of complaints received from the public. My donation, in and of itself, "may" not suffice. Make sure that government hears your voice also. Your identity will remain confidential. Thank you.

Mail these forms to:

P.S.: A question which must be answered:

"How could 'MCDC-designated' donors give over \$3 million dollars to Declaration Alliance in 2006, while none of it went to the MCDC Border Fence Project, but instead was 'expensed out' in its entirety by over \$3 million in 'Printing & Postage'?"
